Dear Mr. President,

It was a great pleasure for me to see you at the FIG Regional Meeting in Marrakech this month and we had a chance to exchange ideas and visions. With these discussions we deepened the amicable cooperation between the Comité de Liaison des Géomètres Européens and the Arab Federation of Surveyors. With mutual understanding of either issues I am absolutely convinced that we will succeed in promoting our profession in our professional organisations and society.

As I said in my last letter that through regional cooperation the surveying world can be more effective and successful in promoting the surveying profession, we saw it in Marrakech become reality. Let us proceed this way and again I can assure you CLGE will stand beside the Arab Federation and provide support in any appropriate manner.

Yours sincerely

Klaus Rürup
