Annual accounts 2005 – Report to the General Assembly

Dear colleagues,

Please find hereby following enclosed accounting documents:

- The Profit and Loss Account for the year 2005 with a graphic to compare easier the budget with the accounts,
- The balance sheet at the 31st December 2005,
- The evolution of our asset (CS Money Market Fund Units) during the year 2005.

The present report shall give you some detailed explanation and comments on our financial situation.

Profit and Loss Account

Incomes

- The annual contribution paid by members is stable.
- I have the pleasure to announce that I have received the contributions from 21 of 22 members. Unfortunately only one country (United Kingdom) didn't pay its contribution for 2005

Expenses

- The expenses correspond more or less to the budget.
- For the meetings of the ex-board we are very careful about the expenses, especially with the travel expenses and we can see the result.
- As it was asked in Bratislava I have done separate account for the Brussels seminar.
- Due to the wonderful help from our Belgian colleagues the cost of this meeting is only 3'594.92 euros for the CLGE

Balance sheet

- Due to the profit of € 3'151.52, our capital has increased again to € 66'556.15.

CS Money Market Fund Units

- There was no operation during the year. The annual interest rate was 1.46%, it means 551.00 € .
