Guitar

By Association of Estonian Surveyors

- Member since 1997
- Member of the Board since 2010
- Vice-Chairman since 2014
- *Outstanding leader of Professional Certification Committee since 2009*
- *Team leader of several workgroups: developed the existing legislation of Surveying (2007) etc.*
- Conferences, Courses
- Struve activities

By CLGE

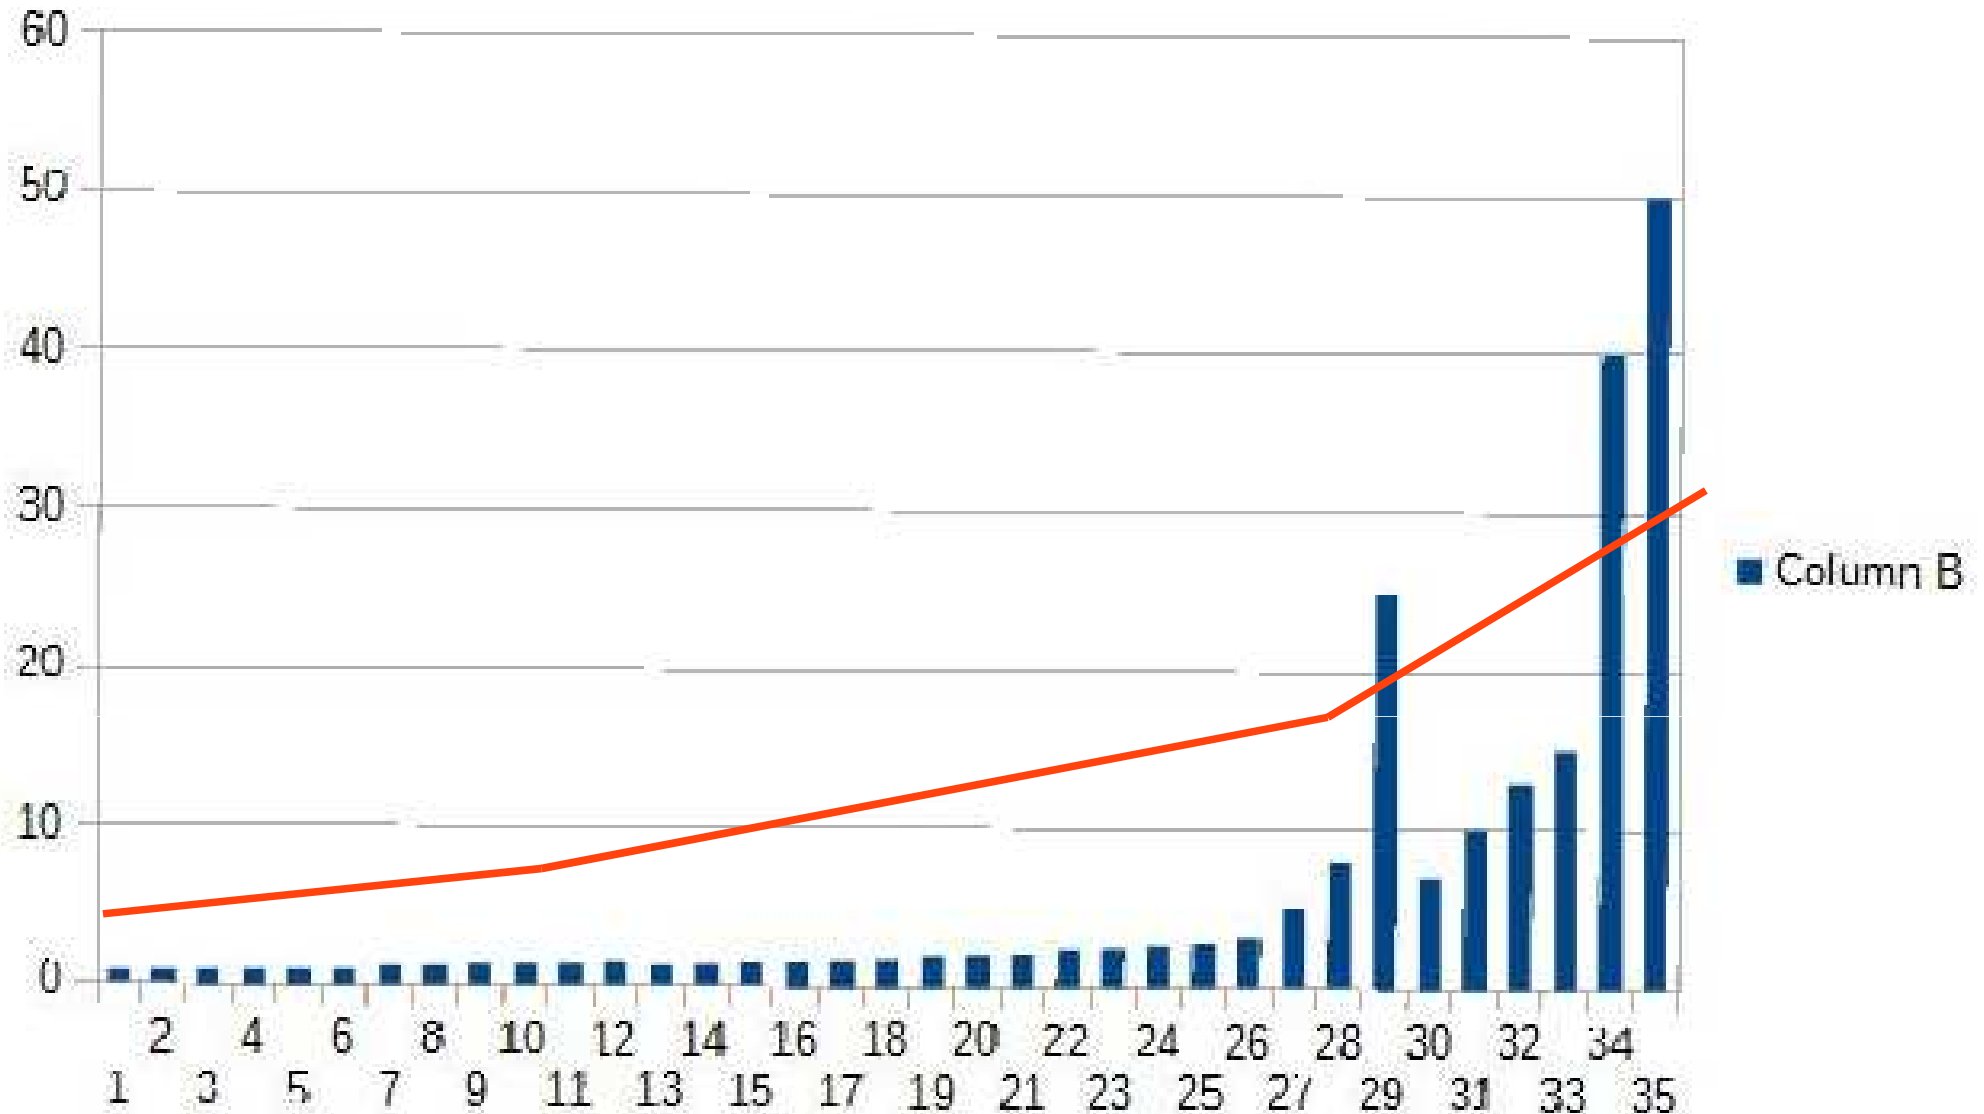

- Delegate since 2009 Krakow

- Leader of organizing the Tallinn GA, autumn 2011

- All GA-s participated 2009-today except one.

Workload and responsibilities among the CLGE delegates

Objectives to be a vice-president

- Fields of Professional practice and Professional education – certification
- Stand for good teamwork, to equalize the workload between the delegates
- Stand for technical part of the Surveying
- Never forget about the Cadastral Surveying, having good balance between them
- Special interest to underground utilities, to follow GA Tallinn – a lot to do and learn from each other
- Getting new member States to CLGE until Europe is fully covered – fantastic goal, but difficult task in current situation – touches the strategy of CLGE for next years – let's work in shops!

Thank You for your attention!
