**First Round Table Surveyors and Notaries**

**Stuttgart 15. September 2015**

**Common Declaration**

"The Round Table of Surveyors and Notaries, gathered in Stuttgart, Germany, on the 15<sup>th</sup> September 2015, on the initiative of CLGE and UINL-CCNI, engages for a trustworthy immovable property system as a fundament of the modern society.

The Round Table participants are convinced that this requires a structural guarantee of the state provided through public registers based on clear regulations.

To reach this goal there is an essential need of a strong cooperation in this process between Surveyors and Notaries.

It also requires a strong education and qualification as well as an organized continued development for both Surveyors and Notaries."

By signing this declaration, the participants recommend and support that the associations of Notaries and Surveyors will cooperate at the Global, European and National level. They suggest to draw up and sign a "Memorandum of Understanding" as a roadmap for future collaboration.
