

OGE's Congress
21-22-23 June 2016 - Nancy

Tirana, 18 March 2016

THE THEME

- **Let's draw the world at the numerical era**
- **Throughout the congress, the current and future technics which could disrupt the surveying profession will be tackled, namely :**
 - ✓ How to reconcile the current technologies with the numerous apps allowed by digital technology?
 - ✓ How to seize these new ways to collect, treat and qualify the numerical data?
 - ✓ How to forward them to our partners while guaranteeing their technical and legal quality?

THE PROGRAMME

- **21 June 2016 : Opening session** (global presentation of the congress, survey on the surveying profession and the image of OGE...)
- **22 June 2016 (AM) Session 1:** «A 3D tools palette : acquisition and qualification of the data»
- **22 June 2016 (PM) Session 2:** «A new art : telling the property law at the numerical era»
- **23 June (AM) Session 3:** «A draft in half-light : reconciliation of technologies and liberties»
- **Closing ceremony** with the participation of a Minister and a French philosopher Luc Ferry
- Specific programme for accompanying persons to discover the city of Nancy and the region Alsace-Champagne-Ardenne-Lorraine

THE VENUE

The beautiful and yet not well-known city of Nancy is located 1h30 away from Paris.

**Historical town with a rich architectural and urbanistic heritage.
The congress will take place downtown at the Congress centre.**
