## II General Assembly CLGE 2018

# BARCELONA 2018

# BARCELONA 2018

## Why?

Barcelona is currently one of the most important cities in Europe for doing business for both local and foreign enterprise.

# BARCELONA 2018

## Why?

Barcelona is the only city in southern Europe that combines one of the biggest ports in the Mediterranean with a high-speed train station, an international airport, motorways that connect to the European network, the second biggest amusement park in Europe, and one of the most important logistical areas in the southern continent.

# BARCELONA 2018

## Why?

Barcelona has a population of more than 1.5 million, and 5 million people live in the metropolitan area. There are over 400,000 companies in the Barcelona region and an average of 7 million tourists visit the city each year.

# BARCELONA 2018

## Why?

- \* Barcelona enjoys a typical Mediterranean coastal weather with mild winters and warm summers.

# BARCELONA 2018

## Why?

INTER-CART 2018

CLGE General Assembly will be organized in the facilities of Cartographic Institute of Catalonia and, at the same time, we will carry out an international seminar on Spanish Geomatics.
