

Strategies for EU Engagement

Should CLGE be better equipped
to engage with, and Influence,
the institutions of The European Union?

CLGE EU interest group
IG-EU?

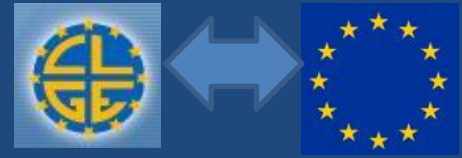

Why?

What?

Who?

How?

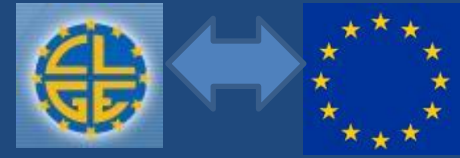

Why?

Because the EU brings forward legislation that affects surveyors in the member states

Because the EU funds and promotes projects that can be beneficial to surveyors

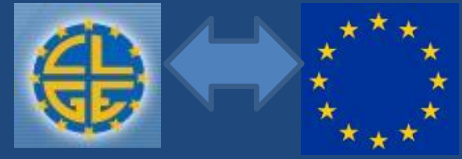

Directives

Directive 2005/36/EC
on the recognition of
professional qualifications

Doctors, nurses, dentists,
midwives, pharmacists,
veterinarians, architects

General Recognition under Art. 14 (2)

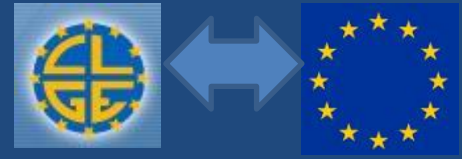

Directive 2013/55/EU
amendment to Directive 2005/36/EU

European Professional Card

Common training framework

Common training test

Communication on Reform
recommendations for regulation
in professional services 2017

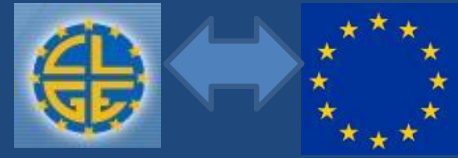

These issues affect geodetic surveyors
in the member states only.

They are not mandatory
on CLGE members outside the EU

Do we need a specific arrangement?

Who?

The Commission

The Directorates

The Parliament

Interest Groups

Example:

European Commission

Directorate General for Internal Market,
Industry, Entrepreneurship and SMEs

European Council of Engineering Chambers

Survey and analyse issues regarding:

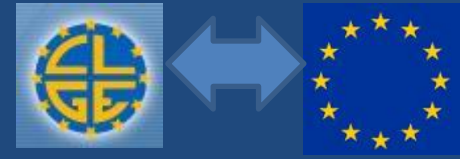

Common training principles for engineers

5 professional engineer groups

including

Geodetic Surveyors!

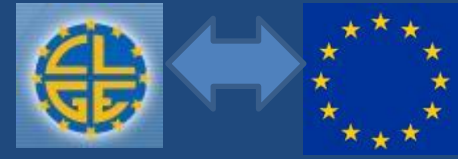

What?

Things happen:

In the European Commission

In Brussels

Some of which will affect:

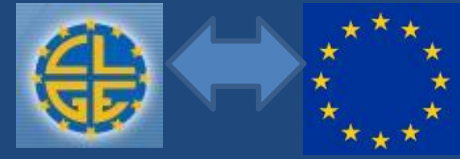

CLGE

Surveying organisations
in member states

Geodetic surveyors
in general

Does CLGE need a specific presence in Brussels to deal with these issues?

How?

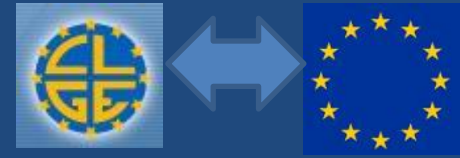

Interest groups lobby and influence

For instance:

European Council of
Engineering Chambers - ECEC

Notaires d'Europe - CNUE

Issues directive

2013/55/EU:

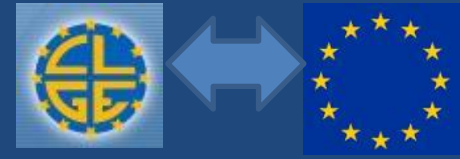

European Qualification Framework – EQF

Difference between qualifications
acquired through university study
and vocational training

Recognition of qualifications,
But not right to practice.

Another interest group?

Why can't CLGE or IG-PARLS do?

How much would it cost?

We're not as wealthy as the Notaries!

Presence

Someone based in Brussels?

Someone visiting Brussels?

Present at least 3 days per week?

Contacts

The Commission more important
than Parliament

Technicians more important
than senior bureaucrats

Visibility

To be known

To be referred to
for advice and guidance
