

Memorandum of Understanding (MoU)
CLGE – EuroGeographics – Geometer Europas

Preamble

The Council of European Geodetic Surveyors (CLGE), Geometer Europas and EuroGeographics consider themselves as complementary organizations in the field of surveying, mapping and cadastral systems in Europe. Therefore, the organizations want to establish an enduring partnership to support their common activities.

Purpose

The MoU is intended to facilitate communication, coordination and cooperation between the signatory organizations. The purpose of the MoU is twofold:

- To build capacity in the field of surveying, mapping and cadastral systems;
- To promote the role of mapping and cadastre inside the EU.

Objectives

1. Capacity building

Identify areas for cooperation and, as appropriate, implement in joint projects to support:

- the education of surveyors to meet the requirements in the public and private sectors;
- continued professional development (CPD) for surveyors.

2. Promotion of the role of mapping and cadastre

- Share information and analysis of relevant EU regulations and programmes;
- Act together to promote the role of mapping and cadastre within the above regulations and programmes.

Basis of cooperation

The Secretary Generals will recommend joint actions to the signatory organizations according to the Memorandum of Understanding, complemented by a yearly meeting of the Presidents. The MoU will be evaluated after a three year period, to be renewed in 2011.
