

NAPOLI
3-5 DECEMBER 2018

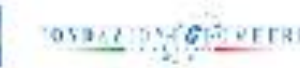

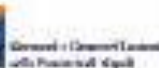

WORKSHOP AND ANNUAL MEETING

**SPATIAL INFORMATION
 IN THE ERA OF DATA SCIENCE:
 CHALLENGES AND PRACTICAL SOLUTIONS**

International Federation of Surveyors
 Fédération Internationale des Géomaticiens
 Internationaler Verband der Vermessungsingenieure

FIG COMMISSION 3
 Spatial Information Management

Wednesday December 5

Venue

Grand Hotel Oriente, Via Diaz, 44

SURVEYORS AND THE EVOLUTION OF CADASTRAL INFORMATION SYSTEMS IN ITALY AND IN THE WORLD

Simultaneous translation available

9.00 Registration

9.30 Welcome Greetings

Geom. Maurizio CARLINO

President of Collegio Geometri e Geometri Laureati della Provincia di Napoli

Geom. Maurizio SAVONCELLI

President of Consiglio Nazionale Geometri e Geometri Laureati

Ing. John HOHOL

President of FIG Foundation

Ing. Vladimir TIKHONOV

General Secretary of CLGE
Comité de Liaison des Geometres Européens

Ing. Nikolaos ZACHARIAS

President of EGoS - European Group of Surveyors

Prof. Chryssy POTSIU

President of FIG - International Federation of Surveyors

10.00 Keynote session 1 - New Cadastral Systems Chair Geom. Enrico Rispoli

Ing. Vladimir TIKHONOV

"The Cadastre in Russia and collaboration with Italy"

Ing. Franco MAGGIO - Central Director for Cadastral, Carto- graphic and Land Registration Services in the Italian Revenue Agency

"ITALIAN CADASTRAL SYSTEM:
Innovative ways in the management and
use of the Italian Cadastral Cartography"

Prof.ssa Chryssy POTSIU

"Inter-correlation between Cadastre and
Big Data"

11.00 Break

11.30 Keynote session 2 Big data management Chair Prof. Harmut Müller

Ing. Fabio Giulio TONOLO - PhD in Geodesy and Geomatics, ITHACA - Information Technology For Humanitarian

Assistance, Cooperation and Action (Turin, Italy)

"The role of geospatial reference data
in Emergency Mapping:
challenges and solutions"

Geom. Bruno RAZZA - Past FIG Vice President

"The importance of advertising sensitive
spatial data in improving the quality of
life"

Prof. Giulio Zuccaro - Professor of Construction Science - Università degli Studi di Napoli Federico II

"Big Data, risk assessment and
emergency planning: perspectives in
research and practice"

Dr. Michal BABÁČEK - European Global Navigation Satellite System Agency Senior Consultant at SpaceTec Partners

"E-GNSS: Benefits and Key Features for
Geospatial Users"

Geom. Stefano NICOLÒDI - President of Collegio Geometri e Geometri Laureati della Provincia di Firenze

"Professional activity and Geodesy"

13.30 Conclusions

- It was huge event. 8 Keynote Speakers and 18 reports from 13 countries in the technical sessions. These papers were able to discuss the latest progress and research on enhancing spatial data networks, ensure user trust and boost the digital transformation process.
- On December, 5th there was a session open to the participation of Italian surveyors with simultaneous translation. The topic : “Surveyors and the evolution of cadastral information systems in Italy and in the world”. About 300 Italian professional surveyors were present.
- VT made welcome speech on behalf of the CLGE and report about the Russian cadastre, cadastral engineers and their professional Associations. Part of the report was about the cooperation between the Italian and Russian surveyors.

The **Council** of European Geodetic Surveyors

Comité de Liaison des Géomètres Européens

The **Council** of European Geodetic Surveyors
Comité de Liaison des Géomètres Européens

- It was farewell meeting for Enrico and Maria in FIG. As usual the event organization was excellent. The program was very interesting. Thank you.
- During those days VT had a meeting with the new FIG Commission 3 Chair Prof. Hartmuth Muller (Germany). WE talked about the possibilities of cooperation between the CLGE and FIG Commission 3. He is very positive to that topic, but he needs some time for understanding the situation and his abilities.
