CLGE Young Surveyors' Contest

Alicia Cañizares

Technical sales advisor and product manager at
Global Geosystems, Leica Geosystems reseller in Spain

Winner of CLGE Contest 2013 in GIS, Cartography and Cadastre
category for her thesis on « 3D model of the Roman Wall of
Lugo (Galicia -Spain) using TLS and UAV »

« Winning this award as a recent graduate student, made me
more confident in myself and my knowledge. It allowed me to
stand out in my sector within my country and to meet great
people to work with in my professional future. I really encourage
and recommend you to apply, it is a great opportunity. »
