the atmosphere seems so immense and profound to us,
in reality it is very subtle compared to the size of the earth

VIII CLGE Conference of the European Surveyor: **BLUE SURVEYING**

**our planet orbits around the sun
at a speed
of over 100,000 km / h.**

we unload pollutants of all kinds
like a dustbin

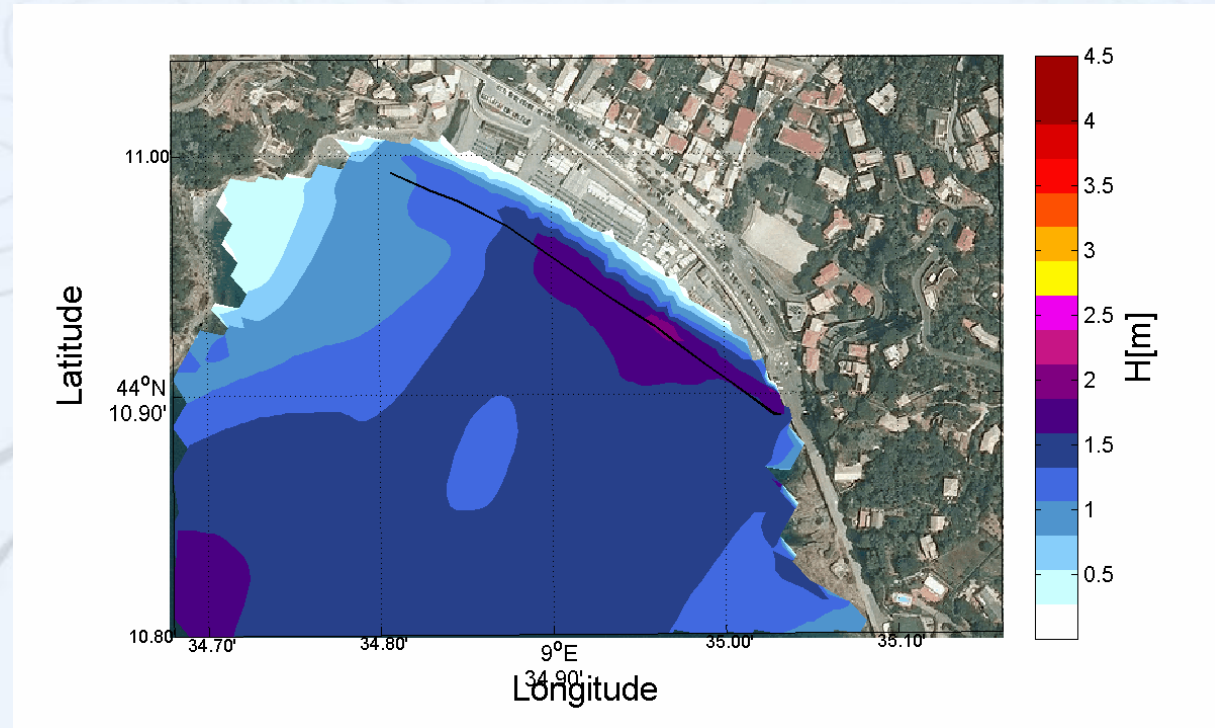

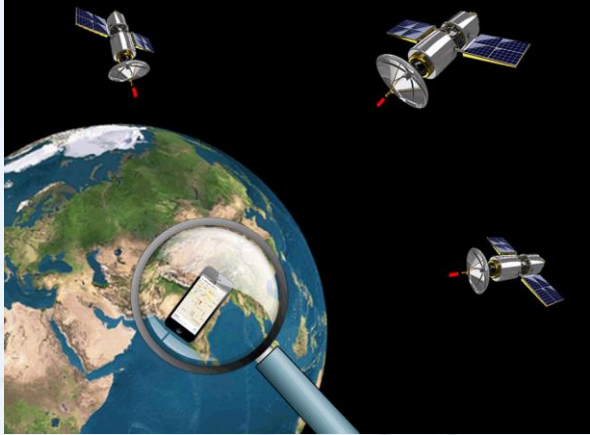

VIII CLGE Conference of the European Surveyor: BLUE SURVEYING

Water that descending like rain
allows plants to grow and life to exist
and also is at the origin of many extreme
and devastating phenomena

We will explore
an area of our business which
is carried out by many
colleagues

VIII CLGE Conference of the European Surveyor “BLUE SURVEYING”

**Sevilla declaration
on action of the
European Geodetic
Surveyors**
